THE BACHELOR OF SCIENCE IN CYBER SECURITY

The Bachelor of Science in cyber security prepares students for professional work in business and industry, as well as government and law enforcement.

You will learn the techniques to collect, preserve, analyze, and report digital evidence.

As part of its operations, the department of Computer Science houses the Sam Houston State University Center of Excellence in Digital Forensics, a center dedicated to the development of digital forensics training for law enforcement personnel and research opportunities into forensics and security issues.

BE BOLD.

CYBER SECURITY, BS
COLLEGE OF SCIENCE & ENGINEERING TECHNOLOGY
The Bachelor of Science in cyber security requires courses in calculus, discrete mathematics, and statistics in addition to computing science and digital forensics coursework.

SHSU provides students with a comprehensive computing environment consisting of a large number of labs and a variety of operating systems, network protocols, programming languages, and application packages. Additionally, the department operates network, robotics and Unix/Linux labs, a data recovery lab, a network security lab, and a symmetric multiprocessing system.
